Illinois Judicial Conference Committee on Education

CONFERENCE YEAR 2012

Statement of Purpose:

Consistent with the purpose and the provisions of the Supreme Court's *Comprehensive Judicial Education Plan for Illinois Judges*, the Committee shall identify the educational needs for the Illinois judiciary and design educational programs that address those needs.

General Charge:

The Committee shall develop and recommend a "core" judicial education curriculum for Illinois judges which identifies the key judicial education topics and issues to be addressed through the judicial education activities each Conference year. This will include identifying emerging legal, sociological, cultural, and technical issues that may impact decision making and court administration by Illinois judges. Based on the core curriculum, the Committee shall recommend and develop programs for new and experienced Illinois Judges. To do so, the Committee shall recommend topics and faculty for the annual New Judge Seminar and Seminar Series, and, in alternate years, the Education Conference and the Advanced Judicial Academy. The Committee in coordination with the Administrative Office will also assess the judicial education needs, expectations and program participation of Illinois judges. The Committee shall also review and recommend judicial education programs, offered by organizations and entities other than the Supreme Court, to be approved for the award of continuing judicial education credits.
